

Parent Tested Parent Approved Holiday 2010 Winners Announced

PTPA Media is North America's largest parent tester community – a credible third party resource for parents with over 40,000 volunteer parent testers.

Toronto, Ontario (Vocus/PRWEB) December 07, 2010 -- A live event that creates memories that last a lifetime; a gaming system that requires no controllers to play; an app that gives your non-verbal child a way to interact on popular devices and a record keeper that organizes and stores all of your most valuable documents. These are some of the submissions from The [Harlem GlobeTrotters](#), [Microsoft](#), Tap To Talk and Securita that have recently been awarded the PTPA Seal of Approval.

PTPA Media is North America's largest parent tester community – a credible third party resource for parents with over 40,000 volunteer parent testers.

“Seeing the PTPA Winner's Seal on a product package or website helps parents identify products that have been tested and recommended by other parents. It's like shopping with your best friend,” says PTPA Founder and CEO, Sharon Vinderine.

Since 2008, PTPA has evaluated thousands of products and services from leading manufacturers and emerging brands. Because independent parents evaluate these products in their own homes, PTPA winners are chosen based on merit and consumer experience – not on commercial considerations.

PTPA Media has become a recognized source by the media for credible and reliable recommendations for the audience. PTPA Founder Sharon Vinderine has presented PTPA winners on over 40 morning shows including the Rachael Ray Show, Fox and Friends and Canada AM.

Here are just a few of the innovative new products to receive the PTPA Winner's Seal of Approval for November 2010:
